Welcome to the General Chemistry program at the University of Minnesota!

This site contains information about most of the 1000-level courses in our department. If you have questions about general chemistry or getting into a closed lab section, please contact our support staff. They can be reached in person in Smith 115, via email at chemtas@umn.edu, or by calling 612-624-0026 for assistance. Individual TAs and instructors do not have the ability to grant course access.
